

# How to purchase

## 1

### Select the solar system

By using the chart below select the system that best meets your household needs.

Roof installation type	Shingle roof		Tile roof	
Number of people in household	3 - 4 Person	5 - 6 Person	3 - 4 Person	5 - 6 Person
VELUX U12 collectors				
Application area	50 ft <sup>2</sup>	75 ft <sup>2</sup>	50 ft <sup>2</sup>	75 ft <sup>2</sup>
Tank volume	80 Gal	120 Gal	80 Gal	120 Gal

- VELUX flextubes required for leakproof installation.
- Five standard VELUX flextubes lengths available.
- VELUX flextube length is determined by the distance between the solar collectors and hot water tank

## 2

### Order complete kit online

Select either a STAND-ALONE electric system, or a GREEN UPGRADE system that works in tandem with most gas or oil fired water heaters. The complete package will be delivered to your home - no extra charge for shipping.
